# **The 2<sup>nd</sup> International Conference on Construction Project Management and Construction Engineering (iCCPMCE-2024) 20-23 November 2024, Sydney, Australia**

---

## **CONFERENCE INFORMATION**

The 2<sup>nd</sup> International Conference on Construction Project Management and Construction Engineering, Sydney, 2024 (iCCPMCE-2024) will bring international and national experts in construction management and construction engineering to Sydney to present and share their latest research and practices. The conference will be jointly organised by School of Engineering, Design and Built Environment, Western Sydney University, Global Circle for Scientific, Technological and Management Research (GCSTMR) as its 7<sup>th</sup> World Congress, and the International Council for Research and Innovation in Building and Construction (CIB) Working Commission W065 Organisation and Management of Construction, Chinese Research Institute of Construction Management (CRIOCM) and Chang'an University. GCSTMR endeavours to create a platform for young researchers to exchange ideas and share information with experts in their respective fields. GCSTMR encourages and facilitates trans-national collaborations among its members and associates in research, training and professional activities. Multidisciplinary international conference series run by GCSTMR open vast opportunities for researchers to interact on the global platform and take advantage of knowledge sharing in the digital arena. CIB is the worldwide network of building and construction experts who improve their performance through international co-operation and information exchange with their peers to improve the quality and impact of research and innovation activities in the sector.

iCCPMCE-2024 will be held at Western Sydney University's Penrith campus, which is well connected by rail and road with Sydney CBD. The traditional landmarks of Sydney including Sydney Harbour, Sydney Opera House and Harbour Bridge are within easy reach of the conference venue as is the Blue Mountains World Heritage National Park.

iCCPMCE-2024 will feature keynote addresses by world industry and academic leaders in construction management and construction engineering. It will cover a wide range of areas within construction management and engineering research where leading researchers as well as new researchers and construction practitioners will be able to exchange their views and ideas. All the papers submitted to iCCPMCE-2024 will be refereed by two independent reviewers and if accepted will be published in the conference proceedings with Australian ISBN Number.
